Evers is the leader in the least number of strikeouts, 18 in 145 games, an average of one in eight games. Doyle is a close second with 20 to 143 games. E. McDonald of Rosten had the greatest number—\$1 in 121 games. Marsans, Finker, Knabe, Meyers, Cutshaw, McLean, Gibson and Killifer have low figures. Zimmerman, who led the league in battling, struck out 60 times and received 58 bases on balls.

Following are the official 1912 club records of bases on balls and strikeouts, graded according to greatest number of bases on balls and the least number of strikeouts, respectively. The Chicago club profited most by lack of control on part of opposing pitchers; Pittsburg is last in this department, with 140 less passes than the leaders. The Chicanali club struck out less than any other club in the league, its percentage per game being a fraction over three strikeouts. Boston brought up the rear with 592 strikeouts, or an average of nearly 41 per game. The two records:

The base-on-balls and strikeout records of players who participated in 49 or more games are given below. Sheckard of Chicago, has the unusually high total of 122 bases on balls in 146 games. Huggins, with 87 passes in 126 games, also rates high. Other good "waiters," as shown by the records, are Titus, Moran and J. Smith of Brooklyn; Paskert, Bescher and Bates, Carey and Evers. Zimmerman secured but 38 passes in 145 games, Kirke, one of the 200 hitters, drew only 2 bases on balls in 163 cames, Killifer 4 passes in 85 games, and Kelly 2 in 48 games, while Pitcher Benton failed to reach first on balls in 59 games. KILBANE AND DUNN PROTEST INNOCENCE

CLEVELAND, Dec. 2.—Featherweight Champion Johnny Kilbane and Jimmy Dunts, his manager, accused of compilarcy and fraud at a boxing bout at Johnstown, Pa., on October 22, today protested their innocence.

"We went to Johnstown in give an exhibition bout," said Dunn. "When we got there we found Tenning McGinty of Cleveland had been billed as Tommy Duggan of San Francisco." We insisted that his real identity be made known, but when McGinty entered the ring he was introduced as Duggan. Rather than disappoint the crowd, I told Kilbane to sail in and finish him quickly. McGinty was knocked out in the fourth round."

Special to The Tribune.

OGDEN, Dec. 3.-The problem which will confront the voters of the Second ward tomorrow as to whether it is ad-visable to elect a woman to member-sing on the board of education for the city schools was rendered more interesting today by a statement appearing over the signature of Miss Willa Spurgeon, princi-pal of the Lorin Farr school, in which she opposes the plan. Miss Spurgeon de-clares that nobedy in particular, other than the candidates themselves are de-manding the election of a woman to the manding the election of a woman to the school board. The statement reads:

manding the election of a woman to the school board. The statement reads:

The woman's place of usefulness is at home. I do not mean that no woman could succeed as a school board member, but I do mean that lady teachers are not demanding it, mothers are not demanding it and the children are not demanding it and the children are not demanding it but principally the candidates themselves. I think she could do one thing that would be a genuine aid to the lady teacher, and that is she could stay at home and train her children so that the teacher would have less of it to do. Every mother has all she can do well. Did you ever hear of a woman leaving her home to do unnecessary things for public honor and later find a neglected boy or girl gone wrong at home? The home is a thousand times more important than the school and the home training more lasting. Besides, we have well-trained men and women in charge of the schools. Then why worry? They are giving all of their time to it.

They meet and discuss the latest things educational daily. It is not the business of the school board in a good achool system to be executive officers. Getting the most votes does not make a board member competent to say which is the best method of training children nor even to say which are the competent teachers. They hire experts to do this.

K. of P. and Odd Fellows May Build Big Structure.

Special to The Tribune.

OGDEN, Dec. 3.—Negotiations have been opened by committees recently appointed by the Knights of Pythias and Odd Fellow lodges of this city for the joint construction of a three-story building and it is not improbable that a definite agreement may be reached in the matter. It is said that the plan has met with encouraging favor.

The building committee selected by the Knights of Pythias is composed of J. M. Forristal, L. N. Meid and H. L. Taylor. P. F. Kirkendall is at the head of the committee representing the I. O. O. F. The representatives of the two orders have held one or two conferences and discussed tentative plans.

The K. of P. lodge is the owner of considerable property on Grant avenue, adjoining the First Baptist church property on the north, between Twenty-third and Twenty-fourth streets. This property has a frontage on the avenue of 104 feet. In the brief conferences held by the lodge committees it has been proposed to build a modern structure, having a frontage of 100 feet and to be 140 feet in length.

A favored plan is to devote the ground iffor to store rooms, the second floor to offices and the third floor to lodge rooms. There are to be two main apartments, but so arranged that they may be used jointly.
